ABOUT THIS NEWSLETTER

The monthly newsletter of #ProyectoCantera, the youth development divisions of Club Cerro Porteño and Fundación CCP, was created to showcase the club's work: what happens on the pitch and the people and processes behind those results. It is an institutional communications platform for our community, our families, and brands that want to be part of this journey.

FROM PARQUE AZULGRANA

WORDS FROM BLAS REGUERA

BLAS REGUERA

PRESIDENT OF CLUB CERRO PORTEÑO

“

Let us continue moving forward together through this historic period. When the Azulgrana family unites behind its young players, no goal is beyond our reach and Cerro Porteño's greatness has no ceiling.

”

Dear Azulgrana Family:

We are living through a defining period in the history of Cerro Porteño—a time that brings together the two pillars at the heart of our institution's strength and greatness: the consolidation of our youth development divisions and the unbreakable unity of the Cerrista family.

Our youth divisions are the living foundation of tomorrow, but unity is the only path that can secure that future. Our young players embody the glory to come, while the strength of our community guides us toward that horizon. Without a solid academy foundation, there can be no long-term sustainability; but without the unity of every part of our club, no model can endure.

Today, that shared vision is no longer a theoretical aspiration—it has become a tangible reality. The results of this strategic decision to work together are visible every weekend, when our academy players step onto the pitch in the first-team jersey.

Seeing young players developed in our own academy step into the First Division with maturity, quality, and a strong sense of belonging is definitive proof that when the structure delivers and the community provides its support, transformation is real and results follow.

WORDS FROM TOTE RIQUELME

TOTE RIQUELME
VICE PRESIDENT OF YOUTH
DEVELOPMENT . PRESIDENT OF
FUNDACIÓN CLUB CERRO PORTEÑO

Dear Cerrista Family:

We have a highly ambitious project ahead of us, as every project bearing the name Cerro Porteño should. The conviction that has driven us since day one is beginning to show its most rewarding result: the consolidation of homegrown talent. Today, we are seeing how the system we have built makes the transition to the First Division natural, solid, and grounded in quality.

We see it in Emilio Acosta and Carlos Chena, now an established member of our first-team squad. Seeing him compete, grow, and defend our colors with the composure of a player fully developed in the academy confirms that we are on the right path. They represent the work of hundreds of people—coaches, doctors, and educators—who work tirelessly at Parque Azulgrana.

This ambitious project is already delivering concrete results: it is a living, auditable, and above all, human ecosystem. For that reason, my personal thanks go to each and every one of you. Thank you for being present, and thank you for getting involved with the rigor our institution deserves.

But, just like Carlos, many other names are working quietly and preparing for their moment of glory. The future of Cerro Porteño is built, nurtured, and earned on the pitch.

The conviction that has driven us since day one is beginning to show its most rewarding result: the consolidation of homegrown talent.

#SÉPARTE - THE ANNUAL GALA

MAIN SCREEN · #SÉPARTE ANNUAL DINNER, UENO CCP ARENA

The greatness of Cerro Porteño lies in our Azulgrana identity: we are a giant club because EVERYONE builds it day after day. From the youngest players at the football schools and the youth divisions of La Mejor Cantera del País to the first-team squad, directors, members, and fans, everyone plays a part in what makes us great.

To preserve Cerro's greatness, we celebrated a gala evening that brought the Azulgrana family together to support the growth of our academies. Held at the Ueno Arena Juan José Zapag, the event marked a strategic milestone for Fundación CCP with the launch and consolidation of the Academy Sponsorship Program—an evening of unity, auctions, and artistic performances.

#SÉPARTE ANNUAL DINNER · THEY WERE THERE!

"I was there. I helped build the path for those who will bring us our greatest joys tomorrow."

A TRANSFORMING IMPULSE

We believe that meaningful transformation does not happen by chance; it comes from deliberate decisions. After the 'Sé Parte' evening, we understood that the pride of being Cerrista calls us to take the next step: turning enthusiasm into a strong structure that protects and prepares our young players for the future.

We invite you to look toward the club's future not as a spectator, but as the architect of the dreams now taking shape at Parque Azulgrana.

The 'Sé parte' Sponsorship Program is the official initiative of Fundación Club Cerro Porteño,

created to fund, professionalize, and support the development of our eight youth divisions.

As we know, the greatness of our club is built from the ground up. The program offers companies, directors, members, and fans a historic opportunity to embrace shared responsibility and play a leading role in developing the next generation of Parque Azulgrana prospects. It is a direct investment in the sporting and personal development of future Azulgrana idols.

PRESENTATION OF THE 'SÉ PARTE' SPONSORSHIP PROGRAM

"It is not a donation. It is an investment in the sporting and personal development of future Club Cerro Porteño players."

EVERY GUARANÍ, ACCOUNTED FOR

To strengthen the academy's long-term sustainability and ensure that it operates autonomously and to high-performance standards, we established a structured framework of shared goals. This model is built on traceability and full transparency: every guaraní is clearly tracked and visible to all.

Through the Foundation's Digital Nervous System, sponsors gain access to an exclusive portal where they can audit the allocation and use of their resources in real time: a budget management dashboard, squad statistics, and online executive summaries of sporting performance.

There's no ceiling for us

At the close of Matchday 24 in the APF Annual Standings, with six matchdays remaining in the season, we have already surpassed the 374 points we recorded in 2025. Once again, we are proving that La Mejor Cantera del País has no ceiling.

RENDIMIENTO

Because when the goal is to develop the next generation of leaders, there is no ceiling for Cerro Porteño.

YOUTH DIVISIONS IN COMPETITION · APF TOURNAMENT

These numbers are much more than a position in the standings: they are the visible result of an integrated model that combines cutting-edge technology, medical care, world-class nutrition, and a methodology designed to develop talent. We are not settling; we continue to raise the standard, develop our players, and take our academy further.

THE DREAM TAKES SHAPE

When a young player steps onto the training ground at Parque Azulgrana, they know that every session is building their future. Day by day, high standards become habits, as does the determination to improve on who they were the day before.

Today, that process is bearing fruit once again. Carlos Chena and Emilio Acosta made their long-awaited professional debuts for Cerro Porteño after being named in the matchday squad alongside Álvaro Espínola and other academy players. Chena started and played the full match, earning Player of the Match honors, while Acosta came on in the second half to record his first official minutes.

These first steps in the top flight represent the culmination of years of preparation, combining sporting development with the courage to take on major challenges. The list also includes César Bobadilla, Lucas Quintana, Marcelo Chaparro, and many others who continue to establish themselves in the senior squad—proof of a constant academy pathway. The academy continues to create opportunities: every First Division debut confirms that the dream each player brings to the institution is not only possible, but becoming reality.

CHENA'S STORY HERE

THE ANSWER IS ALWAYS WITHIN

At Cerro Porteño, we know that true greatness is built from within. When the club needs it and challenges demand that we rise to the occasion, there is no need to look elsewhere: the answer and the commitment always come from our own home.

A coaching team raised with our values takes charge of the first-team squad when needed.

Nelson Cabrera has taken charge as Interim Head Coach, joined by Marcos Cáceres and Jorge Núñez as Assistant Coaches, with Raúl Ruiz overseeing Physical Preparation. They are people from within the club—top-level professionals who know every part of our identity and feel our colors with the same passion as every fan in the stands.
